I was introduced to International singer, Course in Miracles teacher and Voice Liberator Neda Boin through a seminar back in the fall. I fell in love with her music, voice, energy & spirit !! I signed up for her mailing list & bought 3 albums which are just incredible. I wrote her to tell her how much I loved them & in her recent mailing list she mentioned her summer tour !!! I jumped at the chance. We are all soooooo incredibly lucky to have her come for a workshop & concert !!! (you can read the attached PDF for some interesting background about her)

Concert

In the concert Neda will use her Course in Miracle inspired songs to remind us of the LOVE we truly are. Music can be a very powerful tool to break through inner blocks and get a real experience of what A Course in Miracles is teaching. Each concert is different and will be channeled in the moment. Sometimes there are mantras inspired by ACIM that we sing together, a beautiful forgiveness exercise, or relatable stories that go deeper into the teachings behind the songs. **Expect a magical, inspiring and heart opening event that you will cherish forever!** As Corinne Zupko said: *"listening to Neda sign brings forth an experience of Divine Love within. She has a gift of expressing the sound of Heaven so we can all remember the Love that exists within each one of us. Neda's music makes me feel pure joy. She has the voice of an angel."*

The concert will last for about 1.5 hours.

Voice Liberation Workshop

"Your task is not to seek for love, but merely to seek and find all the barriers within yourself that you have built against it" - ACIM

With Voice Liberation we do exactly that going deep within our unconscious mind to liberate the blocks we have built against the love we truly are. We have a very powerful tool for healing inside of us: our very own voice! No matter whether we believe we have a great voice or not, our voice has the powerful ability to bring up the root of where you feel stuck. During the Voice Liberation session there will be a safe space for our unconscious blocks to rise to the surface, where they can be transformed and healed. There are absolutely no singing skills needed. All that is required is the desire to be free.

The workshop lasts for about 2.5 hours.

"I've been studying A Course in Miracles for so long, but something happened during your sessions that I never experience before. It was like something went quantum and there was immediate healing. I don't understand what happened. I now feel my heart has opened, I'm in the real experience of it!" Ewa
